COVER PICTURE

Exeter's Community Center, which was opened Nov. 1, 1959, is located in the former Court Street School building. Built in 1848, it was Exeter's first High School, the third oldest in the state. The last High School class to be graduated from Court Street was that of 1912 which this year is the 50th anniversary class. Thereafter it was used as an elementary school until the present Lincoln Street school was ready for occupancy in 1955.

Town Manager's Report

*To the Honorable Board of Selectmen and the Citizens
of the Town of Exeter:*

Herewith is a report of the financial status of the town and a summary of activities with receipts and expenditures for the year of 1961, the 323d year after the founding of the Town of Exeter.

Once more it is my pleasure to commend the cooperation given me by the Board of Selectmen, the heads of the various departments, the employees of these departments, and all the elected officials of the town. This past year with their help I believe we have accomplished services that have been of benefit to all.

The heads of the departments have submitted reports that are published herein. I shall not attempt to summarize as each report is worthy of consideration in its entirety.

Again we have sizable overdrafts in Winter Maintenance, General Highway and Summer Maintenance. The estimates in the budget are just that "estimates." Extremes in weather, work that had not been foreseen but that had to be accomplished (such as the building of one bridge and the building of extensive railings on another), repairs of unexpected nature to buildings and equipment contribute added expenditures.

I am extremely pleased with the results of the 1,000 feet of storm drain that was installed at Pine, Front and Linden Streets. It appears that we have eliminated the deplorable conditions that have plagued institutions and residents of this area for years. It is also of great satisfaction to me that by doing our own engineering and supervision, using our own equipment and men, the town has been saved \$15,000 or more.

I want to emphasize the importance of adequate and top-notch equipment. Substantial saving to the town is always indicated when we are able to do work that would otherwise have to be let to contract.

Most of you have seen in operation this winter the new Hough Payloader that was acquired early last fall through a lease purchase agreement. It is a very versatile piece of equipment. With its 4-in-1 bucket which can be used as a bulldozer, grader, clamshell and conventional front-end loader, its backhoe, its large

plow blade which will do the work of two and even three truck plows, there is practically no job that can not be assigned to it.

The water department has been in need of a backhoe for a long time; in fact, the old Hough was initially purchased for the water department but was retained by the highway department. When this machine broke down on the Linden Street sewer job, I recommended to the selectmen that we should look into the possibility of acquiring a new Payloader for the highway department and have the old Hough repaired and placed in tip-top shape for use in the water department. The selectmen visited Manchester where several of these new machines were in operation and reached the decision that it would be for the best interests of the town to own one of these. An agreement was made with the dealer to lease this machine until town meeting with the privilege of purchase on approval of the town meeting, the payment of the lease being deducted from the purchase price. The amount of purchase is budgeted in our equipment replacement item.

The preliminary report of the water survey by our consultants has been completed but until the Exeter Manufacturing Company has completed its survey and we have been able to collaborate, I can offer no concrete information to the town.

The preliminary sewer survey is still in progress and a report is due in June. In the meantime, on recommendation from the State Department of Sanitation, we are asking the voters of the town to provide for the purchase of the land of the Exeter Industrial Corporation on Newmarket Road as a proposed site of a sewage lagoon.

To all boards, committees and commissions of the town, to all citizens that have supported and helped me by their patience and forbearance, I extend my heartfelt thanks.

In conclusion, may I pledge to the people that live in this good town of Exeter that all my endeavors will be directed to those interests that will promote progress and service to our community.

ELTON O. FEENEY,

Town Manager, Exeter, N. H.

Report of Examination and Audit

HUNT'S ACCOUNTING SERVICE
5 MORNINGSIDE DRIVE
HAMPTON, NEW HAMPSHIRE

February 5, 1962

Board of Selectmen
Exeter, New Hampshire

Gentlemen:

Submitted herewith is the Audit Report for the fiscal year ended December 31, 1961, made by Hunt's Accounting Service as requested by the vote of your Town.

Scope of Audit

All Departmental Divisions of the Town Government were audited: The Board of Selectmen, Treasurer, Clerk, Tax Collector, Trustees of Trust Funds, Clerk of Municipal Court, Library, Swasey Parkway and Water Department.

Financial Statements

Exhibit A-1 contains the Comparative Balance Sheets, as of December 31, 1960 and December 31, 1961. This Exhibit shows the Assets and Liabilities and the Balance of Debt at the close of the year 1960 and 1961.

Net Debt — December 31, 1961	\$28,876.22
Net Debt — December 31, 1960	27,274.30

Increase in Debt	\$1,601.92
------------------	------------

Exhibit A-2 shows the analysis of change in Debt.

Exhibit A-3 shows appropriations as raised by the vote of the Town, receipts and reimbursements of appropriations, expenditures and balances as under-expended and over-expended. The final over-expended balance of appropriations was \$17,200.88.

Exhibit A-4 shows anticipated revenues and amounts actually received by the Town. The final excess of revenues over estimated revenues was \$14,282.08. The Town had a net budget deficit of \$2,918.80 for the fiscal year ended December 31, 1961.

Departments

Exhibits B-1 through H show summaries of each de-

partment's receipts, expenditures and proof of balance. All monies were accounted for by reconciling with depository banks.

Verification notices were sent out on all delinquent taxes for the Levy of 1961.

The general financial condition of the Town was degraded slightly by the budget deficit of \$2,918.80. In consideration of the budget raised, the officials did a fine job. During the year receipts amounted to \$1,487,-052.21 and expenditures were \$1,472,503.49.

To all officials of the Town, my congratulations on maintaining fine records which were in good condition. To these officials, my thanks for the cooperation given to me during the course of the audit.

Very truly yours,

HERBERT E. HUNT,
Auditor.

Although department statistics for 1961 show a drop in comparison with 1960 in the number of arrests and accidents, figures alone do not divulge the entire picture. For instance, the patrol mileage was increased by nearly seven thousand miles in an effort to reduce complaints of burglaries, larcenies and vandalism. Through patrol changes and other miscellaneous methods, vandalism complaints dropped 50%, larcenies 33 $\frac{1}{3}$ %, and burglaries 50%, with higher apprehensions as you can see by the report. Auto thefts remained about the same in number through neglect to remove ignition keys, but all vehicles were recovered.

In breaking down some of the figures of arrests, it is found that assault cases doubled, burglaries fourteen times more, drunkenness increased a little, check passing dropped off, liquor law violations dropped, vandalism dropped, and although motor vehicle offenses

dropped by ten, the actual offenses of serious nature remained practically the same.

To maintain an efficient department, experienced officers are required. It is impossible to interest men to remain on the job if pay scales and fringe benefits are below standards of other departments and industry. Living costs are steadily increasing and causes concern to personnel that can only receive pay increases once a year at the most. Each individual must have concern for the welfare of himself and family and the personnel of this department in their belief are no different from anyone else. In my opinion this has been the basis for the many resignations in the past ten years. Today, with ever increasing criminal acts and traffic, personnel would be helpless without proper equipment to compete with, for control. These items must be renewed when worn out and maintained with added supplies from time to time and all at higher and higher prices. Available funds mean the difference between good enforcement or none at all.

To those that have cooperated with this department throughout the year 1961 in upholding the law, I am deeply indebted and I thank you.

Highway Department Report

For the Year 1961

To the Honorable Board of Selectmen and the Town Manager:

The following is my report covering some of the various operations and activities of the Department during the year.

We had a total of seventeen (17) snow storms, with a total of one hundred twelve (112) inches of snow. Our worst months were January and December. January left us thirty-two (32) inches of snow and December thirty-one (31) inches. Also, on November 20th a storm of seven (7) inches, which is rather early for this amount of snow.

About three hundred (300) tons of salt and nine hundred (900) cubic yards of sand were used in our Winter Maintenance of streets, roads and sidewalks.

New Storm Sewer Lines were laid, about one thousand (1,000) feet in Linden, Pine and Front Streets; including five (5) new manholes, one (1) new catch basin and eight (8) other catch basins were tied into these new lines. This is one of the best Storm Sewer lines that has ever been completed in Town; it is taking care of the flooding conditions in both the Exeter Inn and the St. Michael's Church basements. These flooding conditions have been a real problem after heavy rains for a long while. This Storm Sewer work was all engineered and the construction done under the very efficient and capable supervision of our Town Manager, Mr. Feeney, with the labor and equipment from the Highway Department. This was all done at a saving to the Town of several thousands of dollars.

A complete survey has been made in checking the total number of miles of streets and roads in Exeter

plus the total of square yards of parking areas. We find that there are fifty-five and three quarters ($55\frac{3}{4}$) miles in all the streets, avenues and roads, etc. Of this total there are forty and six-tenths ($40\frac{6}{10}$) miles that is maintained by our Department plus fourteen thousand three hundred-sixty (14,360) square yards of parking areas that are also attended to by the Highway Department.

During the year over two hundred (200) new Street signs were erected in the Town and over one hundred (100) of these signs were given to the Town by the Rotary Club. And once again, we wish to thank the Club for their generous donation.

In our Street Oil Program we used a total of fifty-one thousand, three hundred forty-two (51,342) gallons of asphalt and about eighteen hundred seventy (1,870) cubic yards of sand for covering purposes. This was applied to all or part of forty-nine (49) streets and roads. We also purchased and used three hundred sixty-one and one-half ($361\frac{1}{2}$) tons of hot top and one hundred twenty-four and one-quarter ($124\frac{1}{4}$) tons of cold patch in street repairs.

About seventy-five (75) tons of cold patch were mixed at the Highway yards by the Department personnel. During the summer about all of the northerly side of Water Street sidewalk was resurfaced with hot top by the Department with Town equipment.

A complete change was made at the intersection of Water and Center Streets in the width of the Streets and also the grades and with a new sidewalk on both streets. This project was made possible by working with the officials of the Co-operative Bank; their complete co-operation with Town officials was a big help in this work.

Also, at the northerly end of Lincoln Street another

improvement was made possible by straightening and widening of the street plus new curbing and sidewalk on the easterly side. The Electric Light and Telephone Companies were very cooperative in the moving of their poles for this job. Also, Dick LaPerle was a big help in helping to lay out this work with us, at no charge for his time for the same. Thank you again, Dick.

The Sewer Division of the Department was kept busy as ever with the cleaning of all catch basins twice during the year, and several repair jobs on broken lines with cleaning of these lines, also. Each year there are more demands and requests by phone calls and otherwise, at all times of the night and day, and all days of the week for this service.

As usual all the traffic and street signs, plus the painting of traffic lines in the streets and the maintenance of the parking meter posts, except the meter heads, are maintained by the Highway Department.

Our 1961 T.R.A. money was spent in completing the construction on Dogtown Road and the balance in making a start on the Watson Road with the intentions of continuing work with the 1962 money on the same road.

The Rubbish collection service, like all other services of the Department continues to increase each year. In this division of the Department there are now nineteen hundred (1,900) pickup stops made in a work week of four and one-half ($4\frac{1}{2}$) days with a load packer body truck, capacity sixteen (16) cubic yards with a yearly cost of well over \$15,000.00. This service was first organized and started in May of 1947 with an appropriation of \$5,000.00. In the year of 1949 there was a total expense of \$4,986.07 for this service. In 1951, ten years ago, this service was completed in a work week of two and one-half ($2\frac{1}{2}$) to three (3) days with about five hundred forty (540) stops or pickups in just

an ordinary five (5) cubic yard dump body truck, and the cost in the same year was \$4,964.18.

In this rather long report I have tried to explain to the townspeople, to the best of my ability, the various duties, operations and the increases in the expense each year of the demands for the services of the Department.

In closing I wish to thank all the Town Officials, other Department Heads and their personnel, the members of our Department and the Citizens of Exeter for their cooperation in helping us try to perform our various duties through the years.

GORDON A. RAY,
Superintendent.

Report of the Superintendent of Exeter Water Department

Report of Operations for the Year 1961

	<i>Gallons</i>
Pumped by electric power at Lary Lane Station	184,174,000
Pumped by diesel power at Lary Lane Station	655,000
Pumped by gasoline power at Portsmouth Avenue Station	952,800
Total pumped at both stations	185,781,800
This was an increase of over 6%	12,990,370
The average daily consumption for the year was	508,991
The Maximum day was September 12th	809,360
The Minimum day was January 1st	309,000
The water was tested twice each month and found to be of excellent quality.	
The Report of these tests made by the State Department of Health are on file and may be seen by anyone interested	
Number of services at the first of the year was	1,745
New services added during the year	34
Number of services renewed or repaired	14
Total number of services at end of year	1,779
Number of new meters installed	37
Number of meters repaired and tested	182
Number of new fire hydrants installed	4
Total number of hydrants at end of year (Including 4 private)	126
One hydrant smashed by auto and had to be replaced with a new one.	
All hydrants inspected and flushed.	

The following extensions of mains were made:

<i>Location</i>	<i>Size</i>	<i>Length</i>
Hampton Falls Road	8 inch	581 ft.
Crawford Street	6 inch	2,004 ft.
Ridgewood Terrace	6 inch	517 ft.
Haven Lane to Bonnie Drive	6 inch	1,162 ft.
Bittersweet Lane	6 inch	39 ft.

The number of new services installed was less than last year but the length of mains was over 1,000 feet more.

We are still in need of additional water. Another well like we are now using would take care of our need for some time but if it is not possible to get one we will have to seek water from some where else.

1961 was not a very dry year, yet the use of water increased by almost 13,000,000 gallons over the previous year. If we should get a real dry year we could be in serious trouble. To increase our water supply is our problem at this time.

Respectfully submitted,

GEORGE G. BEAN,
Superintendent.

Public Library Report

When presenting an annual report it is always a pleasure to state that the service and facilities have been enjoyed by more patrons.

New Equipment and Renovations

Several bays of metal shelves have been secured to accommodate the extensive file of magazines and store these in a manner to make them readily available. There has been a very noticeable increase in magazine circulation.

The painting of the rotunda and the juvenile room improved the appearance and created a pleasant atmosphere for all visitors. As a major step toward needed repairs new vinyl tile floors were laid in the geneological room and the toilet room and small hall.

Juvenile Department

Most of the Elementary School classes visit the library with their teacher and a class mother once a year so to become better acquainted with what the library has to offer them. Ten groups were taken through the building and from the response shown it was a most worth while project. The Thank You Papers sent to us were very gratifying.

Mrs. Summerfield gave valuable assistance to Mrs. Wilkins in cataloguing the library at the Elementary School using, of course, the standard system as preliminary training for future use, by the pupils, of the file at the public library.

Special Services

Among the most enthusiastic patrons of the library are the ladies at the Eventide Home. Previously members of church groups cooperated in transporting books to the home and this service was greatly appreciated by the staff. The more recent policy provides a loan of

fifty or more books, once a month, making available an excellent variety of books without the necessity of frequent visits by the above groups.

Personnel

Mrs. Phillip Burbank, a part time member of the staff since April, has rendered much needed assistance.

Mr. Douglas Snow has faithfully served, as a replacement for Mr. Clifton A. Towle, as a member of the library committee.

Adult Department

Statistics reveal the steady increase in circulation in the adult department. Increased enrollment in the Senior High School has brought greater demand on the library to such an extent that one can appreciate the necessity of increasing the facilities of the library as soon as the community can feel able to do so.

The reference room is taxed to capacity and the geneological room does not provide at all times the necessary space for students to work under the desired conditions. This situation also holds true very often in the juvenile department.

The continued cooperation of the staff in meeting the increased requests for library service is greatly appreciated. Loyal support of the library committee as always is of the best.

Respectfully submitted,

HARRIETTE M. PIRNIE,
Librarian.

Report of Trustees of Swasey Parkway

Activities on the parkway this year have included such routine practices as raking, fertilizing, seeding, sodding, pruning shrubs, mowing, trimming, burning weeds, digging out ground beds and cleaning sand from drains. In addition, our equipment shed was raised and the lawns adjacent were regraded for better drainage. Ground beds were refilled with new compost as far as possible. A service drive was added at the equipment shed. This drive, a cross walk and another long section of the sidewalk along the river's edge were black-topped. Several ramps for ease of getting the equipment over the curbings were added. New equipment included a fertilizer-seeder and a trailer for use with our Gravely tractor, a new rotary power mower for trimming and leaf mulching and various other small tools either replaced or added as required. One section of the sea wall has been repaired. Two diseased trees were removed and much trimming was done which was due to the damage from the winter's storms.

A section of the stone post and pipe fence has been damaged by an automobile and has to be replaced. Money is available for this rather expensive repair.

The trustees wish to give recognition to our employees, Lester Brewster and Lewis Keach, for without their interest, experience and cooperation, the wonderful results which we have achieved this year would not have been possible.

Exeter Community Center

The Exeter Community Center has completed its third year of operation with an active schedule. The building has been used by a number of local organizations such as Women's Republican Club, D.A.R., Junior Women's Club, Exeter Players, P.-T.A. and the New Hampshire Recreational Society. The Civil Defense Committee have also used the building. Children's functions using the Center are Boy Scouts, Cub Scouts, Girl Scouts, Brownies, Gray-Y of the Y.M.C.A. and DeMolay Boys.

The Exeter Woman's Club sponsored a landscaping project. The Junior Women's Club has sponsored both a summer playground program and a Saturday morning program for the elementary school children. The Saturday morning program was under the leadership of a University of New Hampshire student and senior girls and boys from the high school acted as councilors. The Community Center has been approved by the University of New Hampshire as a training ground for recreational students to gain professional experience. The Exeter Jaycees have built and maintained a skating rink at the Center. The Center sponsored a basketball program for young adults, two polio clinics the past year along with the drop-in center for the teenagers. The Exeter District Community Service Association has sponsored coffee hours for adults and members of the Golden Age Club. The State Department of Health formed a Homemakers Service Program. The Home Demonstration Committee has sponsored courses in rug braiding, furniture reupholstering and refinishing, sewing classes, etc. The Center has also provided the space for courses in rug braiding, rug hooking, ceramic and pottery making to accommodate the persons in the community interested in these projects.

Generous donations throughout the year have made

all this possible. The Lions Club was responsible for the Center acquiring fine playground equipment. The cleaning and painting of the cellar to make further space available for classes was done by members of the Home Demonstration Committee. A fine electrician donated his time to wiring and installing proper lighting in the basement. The monetary donations have been greatly needed and appreciated also.

We derive monthly rental from the American Red Cross, Visiting Nurse and the Exeter Amateur Radio Society. We rent the Community Room on the second floor to organizations seeking a meeting place. There is no charge, however, for organizations working directly with the community children such as Boy Scouts, Girl Scouts, Gray-Y, etc.

Summing up we can say that the Center has proved to be a busy and productive operation. There have been over 5,000 people using the facilities of the Center during the past year.

The Exeter Community Center Commission,

BETTY J. LUSONA,
Chairman

DECIMA FIELD,
Secretary

JOHN ANDERSON,
Treasurer

Exeter Visiting Nurse Association—1961

Nurse Chamberlain made 1,056 calls this year, and the Committee feels that her progress has been satisfactory, showing a continuing need for her services in the Community. In addition to her regular calls for nursing care, hyperdermics, bed baths, etc., she has initiated or expanded such services as working with the polio clinics; helping with the Christmas party for needy children at the Portsmouth Navy Yard; keeping a card file of Exeter births so as to help new mothers and to cooperate with pre-school clinics, and cooperating with the Town Manager in investigating welfare cases.

In the hope of expanding her services still more, the Gray Ladies at the Hospital are helping to make patients about to be discharged aware of the nurse's services; and we hope that shortly we will have the cooperation of doctors in this same way.

The Committee wishes to remind the townspeople that the nurse is at their service, that her headquarters are the Community Center, and that her phone number is PR 2-3321.

Report of the Planning Board

During these past twelve months the Planning Board continued its study of the zoning needs of the Town of Exeter. The Board started by meeting with groups of about forty citizens of the town, who were selected because of their particular interests in certain areas of the town or in certain phases of its development. These groups made suggestions about the ways the ordinance might be improved.

Based on these suggestions a revised ordinance was prepared and presented at a special town meeting in the High School gymnasium in December of 1961. At this meeting the voters decided to postpone decision on the ordinance until the regular town meeting. Since that time the Planning Board has continued its efforts to try to make sure that all citizens of the Town of Exeter have an understanding of the purpose of the ordinance and its provisions.

During the year Mr. Richard I. LaPerle resigned from the Planning Board because of increasing demands for his time from his own business. Mr. LaPerle had been on the Planning Board for three years, and was a careful student of the Town of Exeter and its needs. Mr. Edward Miles was appointed by the Selectmen to fill the vacancy.

It is sincerely hoped that the interest shown by the members of the voting population of the town at the special town meeting will be repeated again at the regular town meeting.

AN APPEAL FROM YOUR FOREST FIRE WARDEN

In these days of constantly rising taxes and wages, any unnecessary expense is an added burden on everyone's pocketbook — yours and mine. Forest fires cost money and damage our valuable woodlands. Lightning sets some forest fires, but we have no control of lightning. Children cause many fires. Ninety-eight per cent of our forest fires result from human carelessness — our carelessness. This, we — you — and I, can do something about.

When we require you to obtain a permit for out-of-doors burning or forbid you to burn on days of high fire danger or set up regulations — hours, etc., governing the use of the town dump we are simply protecting yours and the town's interests.

The ever-present threat of forest fires is the concern of all of us; the responsibility for preventing them is ours and the costs of extinguishing are ours. We can do something about this problem, by being aware of and alert to the danger and by cooperating with your warden.

Do the things that are required of you —

1. Follow the warden's directions.
 2. Secure the required burning permit.
 3. Keep your fires under control.
 4. Completely extinguish your fires before leaving them.
 5. See that your children are properly cautioned.
- Everyone will benefit by it.

1961 Fire Record

Number of fires: 2.

Number of permits issued: 45.

Number of acres burned: $1\frac{1}{4}$.

MERTON A. WEBBER,
District Fire Chief.

VINCENT G. TOLAND,
Forest Fire Warden.
